1. The specification is objected to because:

a. on line 7 of page 1, it appears that "phone" should be plural, and

b. the "sentence" on lines 5-10 of the amended paragraph beginning on page 4, line 2, is unclear.

Appropriate corrections are required.

2. Claims 1, 2 and 4-7 are objected to because of the following informalities:

Line 11 of claim 1 is unclear because the suggestion that the grooves "are shifted" has no basis from which the shifting is done. In addition, claim 1 lacks antecedent basis for "the widthwise direction" on line 12. In general, the last section of claim 1 is unclear.

Claim 2 lacks antecedent basis for "the width o lines 2-3. In addition, contrary to the statement therein, the feed holes 1a are not "within the width" of the face sheet 3 or the spacer sheet 4 in any of the disclosed embodiments. Appropriate corrections are required.

- 3. Claims 1, 2 and 4-7 contain allowable subject matter.
- 4. This application is in condition for allowance except for the formal matters discussed above.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO**MONTHS from the mailing date of this letter.
